

The Durban Chamber Foundation(DCF) is a registered NPO.

DCF is currently funded by USAID to implement workplace TB and HIV programmes in the iLembe, eThekweni and Zululand.

DCF offers the following programmes to companies :

- Manager Training (2days)
 - National Department of Health - Comprehensive Plan
 - Clinical issues
 - Talking points: cultural challenges
 - HCT and TB Testing
 - Managing disclosure
 - Workplace Policy
 - New employee TB screening
 - Support for employees on treatment
 - Roles and Responsibilities of managers

- DOTS (3 Days)
 - Introductions/Session Overview
 - What is TB?
 - TB Infection vs. TB Disease
 - TB Transmission
 - TB Prevention and Testing
 - TB Treatment
 - Conclusion and Wrap Up
 - DOTS supporter responsibilities

- Awareness training (2hrs) followed by TB and HIV screening tests
 - General TB and HIV information , followed by TB screening and HIV testing, Blood pressure and weight
 - (for companies with a staff complement of > 200 , blood sugar and cholesterol testing can be offered)

All these programmes are offered to companies at no cost.

We are also looking for qualified TB/HIV trainers , training venues and caterers in the iLembe district , and would appreciate referrals from your database.

Kind Regards
Nirvada Albert
