

EARTH HOUR

29 March 2014

Saturday 20h30 - 21h30

“LIGHTS OUT FOR KWADUKUZA MARKS THE EARTH HOUR”, as it joins the international community in effort to raise environmental awareness about climate change where around the globe lights are turned off in landmarks, government offices, businesses and homes, saving energy as a symbol to support efficiency and ecology. The KwaDukuza Municipality will turn off all non-essential lights at its offices for this designated hour. Having developed and adopted the Climate Change Response Strategy (CCRS), KwaDukuza's commitment continues by urging residents, government buildings, individuals and businesses are encouraged to join in this environmental awareness initiative that seeks to fight climate change and build a more resilient, livable community.
